Solution

Reliable high performance: Easily print up to 50,000 pages per month, plus enjoy fewer maintenance hassles, thanks to our state-of-the-art paper handling.

Keep jobs moving: With a maximum input capacity of up to 4,400 sheets and a high yield toner cartridge, you won't have to add paper or change cartridges as often.

Spend less time waiting: Print up to 52 pages per minute, and produce your first page in as little as 4.8 seconds.

Look professional. Work smarter.

Produce documents that are presentation ready with optional automatic finishing that's based on your preferences. Our easy-to-use control panel makes everything simple.

Easy-to-use displays: The bright 6 cm (2.4-inch) colour display lets you stay on top of your work. Need more control and productivity solutions? Get the solutions-capable MS810de with the 10.9 cm (4.3-inch) colour touch screen.

Finishing that adds polish: Produce projects like a pro with optional automated offsetting, stapling and hole punching.

Print on a wide range of media: With built-in 2-sided printing⁷ and the ability to print on diverse materials, you can do more for your business and use less paper.

Innovative toner optimises performance: Get greater system performance with Lexmark's Unison™ Toner, which delivers consistent quality from first print to last.

Intelligent workflow. Secure design.

Our advanced system simplifies your work processes and increases productivity. Innovative security capabilities provide maximum protection for your critical business data.

Print anytime and anywhere⁸: With this system, you can print from desktops as well as mobile devices that can run applications.

Enjoy enterprise-level security: Now you can authenticate, authorise and audit employee usage. Plus, you can protect sensitive data using standard network security protocols, data encryption and disk wiping capabilities.

Identify potential risks: Track more than 100 variables and events, including user activity, with Audit Logging. It's designed to work with your intrusion detection system in real time.

Optional productivity solutions: Want to empower your business with workflow solutions that can print on demand, automate tasks and more? Get the solutions-capable MS810de.

¹Average standard page yield value declared in accordance with ISO/IEC 19752. ²"Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage. ³"Maximum Monthly Duty Cycle" is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs. ⁴Printers are sold subject to certain license/agreement conditions. See www.lexmark.com/printerlicense for details. ⁵Actual Yield may vary based on other factors such as device speed, paper size and feed orientation, toner coverage, tray source, percentage of black-only printing and average print job complexity. ⁶Print and copy speeds measured in accordance with ISO/IEC 24734 and ISO/IEC 24735 respectively (ESAT). For more information see: www.lexmark.com/ISOspeeds. ⁷Product functions only with replacement cartridges designed for use in a specific geographical region. See www.lexmark.com/regions for more details.
